

Subject: INTERNATIONALLY VALIDATED NON-ANIMAL TESTS

Date: Tuesday, June 5, 2007 2:09 PM

From: leslie fleming-mitchell

Rather than being a vehicle to support development and adoption of animal-free testing, ICVAM has done little in comparison to what can and should be done. As a result, animals continue to needlessly die and human health suffers as animal tests continue to lead to less accurate and less sensitive information regarding human health.

I support ICVAM's immediate acceptance of internationally validated non-animal tests.

Thank you,

Leslie Fleming-Mitchell
